Other verses:

I know it by heart, that is I know it well
 Know I left my mark in the places where I fell
 If I didn't keep my company, the stories I could tell
 Been buying time, now its time to sell

Oh what way am I? I am fit to fall
 Fit to be such a lonely man, all in all
 And how do I know? Well as I recall
 Before you, I never knew, all in all

Got what I asked for. It was quite a shock
 Now I'm just wishing I could sit and watch the clock
 Once in a while I do take stock
 If I get scared then I can change the locks

Oh what way am I? I am fit to fall
 I'm fit to be such a busy man, all in all
 How did it happen? Well as I recall
 It was no accident, all in all
